Reaching Students is what we're about

Alberta
EDUCATION

GENERAL INFORMATION

(1) Purpose and Use of the Buyers Guide

The major purpose of the Alberta Learning Resources Distributing Centre (LRDC) Buyers Guide is to provide **a product listing of all learning resources that the LRDC carries in active stock so that teachers, administrators, students, parents and other customers can easily purchase required educational materials through mail order, fax or telephone order.** A secondary purpose is to serve as a comprehensive listing of authorized, approved and/or developed learning resources that can be used by teachers, students, parents and others involved in delivering the Alberta curriculum.

(2) Alberta Education Legal, Service and Information Publications

Alberta Education "Legal," "Service" and "Information" publications previously available from Central Support Services of Alberta Education are available, **effective April 1, 1991 only from the LRDC and only by telephone, mail or fax order.** Principals, Superintendents and Secretary Treasurers were informed of this change in a December 7, 1990 letter from the LRDC Director and again on March 19, 1991.

Other than original free distributions of certain publications, each publication has a cost recovery selling price. These products are listed in the special catalogue attached to this Buyers Guide and can be placed in the "Supplement" Section of the Buyers Guide.

(3) Availability of Buyers Guide to Customers

Ideally, every teacher, department head, supervisor and administrator should have access to a copy of the LRDC Buyers Guide. Since there are over 7,500 individual product listings with many repeated under numerous headings, the sheer volume of the Buyers Guide makes it impractical to provide a copy to each teacher.

The Buyers Guide and Supplements should be placed in a location where it is easily accessible to teachers. Some preferable locations are: Staff Room, School Library, Principal's Office and Department Head Offices.

Discussions with some teachers indicate that many teachers are unaware of the Buyers Guide. The Buyers Guide provides important information about the learning resources that should be used to meet learning expectations as defined in the Alberta curriculum Course of Studies and materials that could be used by teachers to enhance learning. **Therefore, the LRDC requests that the school administration notify each teacher that the Buyers Guide is available, where copies are placed for their use, and how to place orders.** Teachers may want to refer parents and students to the Buyers Guide in the event the parent may want to purchase additional resources for their child.

The special Alberta Education "Legal," "Service" and "Information" publications catalogue should be made available to all teachers.

(4) **Distribution of the Buyers Guide and Supplements**

Distribution Basis

a) **Distribution Basis**

In April a complete Buyers Guide, ie: a set of new inserts, is distributed to each **school jurisdiction Central Office** for further redistribution to their individual schools. The distribution ratio for the LRDC is an average of 1 to 3 inserts per school and the same for Central Office usage. Central office redistributes the Buyers Guide inserts to their own schools using their own criteria, but no less than 1 set per school. Schools that have no formal Central Office such as Private Schools, Indian Band Schools, ECS operators, Northwest Territories Schools, etc., receive one copy directly from the LRDC. Additional 1991-92 Buyers Guide binders and inserts are listed for sale under "Miscellaneous" in the "Support Documents" section of the Buyers Guide.

Timing

b) **Timing**

The LRDC has been trying to prepare and distribute the annual Buyers Guide earlier so that the Guide could help teachers engage in program planning for the next school year. While the 1992-93 Buyers Guide will be available early April, 1992 the 1993-94 Buyers Guide should be distributed to the schools by late March, 1993.

Binder

c) **1991-92 Buyers Guide Binder; Made from Recycled Materials**

The increased size of the 1991-92 Buyers Guide inserts and customer utilization factor of the binder provided in 1986, has resulted in a new Binder being provided to schools with the 1991-92 inserts.

The LRDC is proud to announce that as part of our commitment to a friendly environment, **the new Binder is made from recyclable two-litre pop bottles** instead of virgin raw materials. The LRDC was the first government entity to use recyclable materials in binders.

Inserts

d) **Inserts**

Remove and recycle the entire 1990-91 Buyers Guide inserts and Supplements including the introductory material; **the existing "tab" dividers should be reused by inserting them with the 1991-92 LRDC Buyers Guide inserts.**

Supplements

e) **Supplements**

The LRDC distributes Buyers Guide Supplements in Mid-May, late August and mid-November, providing there are a sufficient number of new learning resource products and authorizations. Each Supplement is colour coded for ease of customer use.

Customer
Comments

f) **Customer Comments on Distribution Basis of Buyers Guide**

The LRDC is interested in providing the Buyers Guide to customers in a way that meets specific customer needs. Please phone or forward a copy of the **LRDC Customer Feedback/Communication Form on page 37 to LRDC Customer Services and Sales** if you have suggestions to improve the distribution basis.

(5) **LRDC Mission
and Customer
Service**

Learning
Resource
Availability

a) **Learning Resource Availability and Quality of Education**

Educational research has unequivocally shown that the quality of education, in part, is the direct result of the appropriate type and adequate number of learning resources being available to teachers and students. Textbooks and other learning resources are primary determinants of what is taught in classrooms, and since learning resources are the focus of up to 75% of a student's learning time, the **availability of learning resources is a significant factor in the quality of education of each student.**

Mission

b) **LRDC Mission/Statement**

The mission of the Learning Resources Distributing Centre is: **to contribute towards the quality of education for Alberta Students through delivery of a range of cost recoverable services that include:**

- » acquisition of learning resources that respond to authorized curriculum
- » production, assembly, sale and distribution of learning resources and related materials for the benefit of instructors and students; and
- » provision of learning resources information and advisory services

Customer
Service

c) **LRDC Commitment to Quality Customer Service**

Underlying the LRDC mission is **a strong commitment by all LRDC staff to a high quality of customer and client service and relations.** We care, very much, about ensuring that ordered learning resources are available when required by students for their studies.

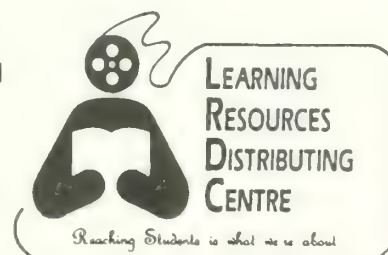

If you have any difficulties or problems in your business dealings with us, or have comments or suggestions, please contact the LRDC Customer Service and Sales Section or the Director at (403) 427-2767 or Fax (403) 422-9750.

Logo and
Motto

d) **LRDC Corporate Logo and Motto**

The Learning Resources Distributing Centre logo and motto are **symbols of our commitment of caring and of providing you, our customer, a high quality of customer service.**

The primary purpose of the LRDC corporate logo is to allow LRDC customers to quickly and easily associate

the LRDC and its products with the multi-media symbol shown on the preceding page. Our motto "**REACHING STUDENTS IS WHAT WE'RE ABOUT**" reinforces our commitment to our mission and providing you quality service in a caring way. You will see the LRDC corporate logo and motto on most of our business documents.

Customer
Feedback

As part of the LRDC commitment to high quality customer caring and service, we request and encourage your feedback with respect to format, content and usefulness of the Buyers Guide, our actual quality of customer service, how LRDC staff treat you and all other aspects of the LRDC. To facilitate quick and easy feedback, the LRDC has provided a Customer Feedback Form on page 37.

(6) June 1st Availability of Learning Resources

The (a) "basic" student resources, (b) publisher's teachers' guide where appropriate, and (c) teacher resource manual prepared by Alberta Education that were deemed essential at the outset of development for a new or a revised program or course to have **mandatory implementation in September, will be available at the LRDC for sale by June 1.**

The purpose of this policy is to provide schools the opportunity to order and receive essential student and teacher resources from the LRDC prior to school closing in June for courses or programs scheduled for provincial implementation the following September. This will assist schools in having adequate time for yearly and unit planning and some planning of lessons prior to the start-up of a new program in September.

The first LRDC 1991-92 Buyers Guide Supplement is scheduled for Mid-May, 1991 so that schools will be able to order some copies of the new materials by the end of May, 1991.

School authorities that require school Requisition/Purchase Orders to be authorized and/or initiated by Central Office will need to ensure that the **Purchase Orders are received by the LRDC no later than the first week of June if the orders are to get to the school prior to the end of June.**

Call LRDC Customer Service and Sales (427-2767) if you have any questions.

(7) Pricing

Price Listing

a) Selling Price of all Learning Resource Products

The LRDC identifies the selling prices for all learning resource products listed in the Buyers Guide. A 25% basic learning resource acquisition subsidy is applied to the selling price for eligible school authorities when purchasing "Basic" learning resources (these are identified in red and with the "#" symbol in the Buyers Guide; see page 6 for more information).

b) Selling Price Determination

Determination

One of the major objectives of the LRDC is to ensure that learning resources are as economical as possible. The LRDC operates on a **break-even** financial objective, and to that end, has a cost recovery mark-up on all products sold. There are two primary determinants of the LRDC Selling Price: (1) unit Cost of products to the LRDC from publishers/vendors/suppliers, and (2) LRDC mark-up to cover operating costs.

LRDC production and distribution costs are included in the Distance Education materials "cost of goods" and hence, the LRDC 1991-92 cost recovery selling price is effective April 1, 1991 for schools and all non-ACS registered students and June 1, 1991 for ACS-registered students. This is a result of the LRDC being responsible for all Distance and Correspondence Education materials production and distribution as of April 1, 1991.

c) LRDC 1991-92 Selling Price Impact

1991-92 Selling Prices

The 1991-92 general net impact on prices to LRDC customers is an average increase of about 8.8% in the cost of learning resources over 1990-91 prices. LRDC suppliers increased their product prices by an average of 7.0%. The LRDC 1991-92 price mark-up increase of 1.5 percentage points to a basic mark-up of 15.0% increased selling prices by an additional average increase of 1.8%.

Distance and Correspondence Education materials are priced differently. Rather than cost recovering the LRDC production and distribution costs by each individual product, DE/CE prices are targeted to recover production and distribution costs by product line. Therefore, Distance Education student print materials prices are \$13.32 per credit or approximately \$10.00 net after application of the 25% subsidy while Correspondence Education (ie. old) material prices are \$6.64 per credit or approximately \$5.00 net after application of the 25% subsidy.

d) Price Changes

Price Changes

The LRDC changed its price change policy effective April 1, 1990. The **LRDC will hold prices until March 31, 1992, unless unusual or exceptional circumstances warrant otherwise.** Therefore, although subject to change without notice, prices will be maintained, so far as possible, until March 31, 1992. Other than some major or unusual price increases from vendors during the year due to reprint requirements, importation duty, etc., major price changes take place April 1 of each year.

e) Price Markdowns

Price Mark- downs

Reduced selling prices are indicated by a "slash" mark through the original selling price and the new lowered selling price is listed. The 25% subsidy is applied on "Basic" resources where prices are reduced.

(8) Goods and Services Tax (GST)

A GST information letter was sent to all school superintendents, secretary-treasurers and principals on December 7, 1990. Some of the key elements of the LRDC application of the GST are:

- » The LRDC will collect the GST on all goods and services provided to schools and customers except to those who are (a) excluded from the GST legislation (Indian schools on Indian reserves and out-of-country customers) and (b) zero-rated (i.e. tax free) and have an official certificate number providing zero-rated status (provincial governments and their formally recognized entities).
- » The LRDC invoices will show GST charges separate to commodities and services charges.
- » The LRDC will not apply the GST on:
 - i) The 25% subsidy paid by the Alberta Government for "basic" learning resources purchased by eligible school authorities,
 - ii) Materials purchased under the SEICAG (Alberta Education Secondary Education Implementation Credit Allocation Grant) to the extent covered by the grant, and
 - iii) Lesson materials and texts acquired by Alberta Correspondence School registered students who register and pay their tuition fees to Alberta Education.

In theory, **schools should not pay more GST in 1991 than they paid FST in 1990 since schools will receive a 68% rebate** from the Federal Government in the estimated difference between GST to be paid in 1991 and annual FST paid in 1989 and/or 1990; this is based upon an agreement in principle between the Federal Government and Canadian schools, hospitals, universities and municipalities.

(9) 25% "Basic" Learning Resource Acquisition Subsidy Grant

To assist eligible school authorities in providing educational programming to Alberta ECS to Grade 12 students, ACS-registered students and University faculties, "Basic" learning resources are available at subsidized prices when purchased from the LRDC. Details for the subsidy program are as follows:

- a) A 25% subsidy is made available to eligible school authorities and is applied to the selling price of any "Basic" learning resources that have been authorized by Alberta Education.
- b) The 25% subsidy is a "pass through" grant provided by the Alberta government through the Alberta Department of Education School Grants budget. The eligible customer is billed direct for 75% of the selling price while Alberta Education is billed direct for the remaining 25%.
- c) Eligible school authorities are:
 - » All school authorities receiving the School Foundation Program Fund Per Pupil Instructional Grant, namely, Divisions, Counties, Districts and DND Schools.
 - » ECS Operators approved under Section 24 of the 1988 School Act.

- Accredited Private Schools as per Section 22(2) of the 1988 School Act.
- Band Operated and Federal Government Administered Indian Schools.
- The Faculties of Education at the University of Alberta, Edmonton, University of Calgary and University of Lethbridge.
- Alberta Correspondence School.

- d) Eligible school authorities must complete a one-time grant application form (refer to the "Basic" Learning Resources Acquisition Subsidy Grant instructions in the Alberta Education School Grants Manual for more information) in order to qualify for the 25% subsidy. If an "eligible" school authority, as described in (c) above is presently not receiving the subsidy, then the application form must be submitted to the Director of the LRDC for review and approval. ECS Operators approved under Section 24 of the 1988 School Act became eligible in 1989; the LRDC forwarded applications to all ECS Operators in 1989. It is the responsibility of the school authority to apply.
- e) To qualify for the 25% subsidy, **the eligible school authority must provide the authorized "Basic" learning resources to all ECS-XII students under their jurisdiction as free loans, or rent them at no more than one-third of the current "selling price" of the resources purchased from the Learning Resources Distributing Centre.**
- f) Each school authority should have an official motion by the governing board regarding the annual rental fee (even if the resources are provided to students free of charge) as well, an operating policy and procedure statement should be in place. The 25% subsidy does not apply to "Basic" learning resources purchased for resale.
- g) The Alberta Education School Grants and Program Policy Manuals provide further information with respect to Alberta Education policies and procedures associated with the "Basic" Learning Resource Acquisition Subsidy Grant Program and the post-audit monitoring conducted by Alberta Education School Business Administration Services Branch.
- h) If you are an eligible school authority that is not receiving the subsidy, then contact LRDC Customer Service and Sales immediately for the information package and the application form.

(10) Secondary Education Implementation Credit Allocation Grant (SEICAG)

To assist school authorities in implementing Secondary Education programs for Alberta Grades 7 to 12 students, Alberta Education will again, in 1991-92, provide additional funding (approximately \$4 million) through the Secondary Education Implementation Credit Allocation Grant (SEICAG) to school boards and funded accredited private schools who may utilize this grant to purchase specific eligible learning resources from the Alberta Learning Resources Distributing Centre. **The 1991-92 information package was sent to each school authority from the LRDC on February 8, 1991.**

- a) Schools should contact their Central Office to receive specific instructions on how your school authority wants you to order SEICAG eligible learning resources.
- b) All school authorities receiving the School Foundation Program Fund (SFPF) per pupil instructional grant namely Divisions, Counties, Districts, DND Schools, and funded accredited Private Schools are eligible to receive the **\$15.00 per pupil credit for each eligible SFPF Grades 7-12 student.**
- c) The specific learning resources that qualify for the credit grant are identified in the 1991-92 LRDC Buyers Guide and will be updated in subsequent Supplements or information received from Alberta Education.
- d) Purchase orders containing SEICAG eligible learning resources will be automatically applied against the credit unless specifically and clearly requested otherwise by the ordering school or school authority. Therefore, if a school does not want a particular purchase order charged against the credit, the purchase order should clearly show **"DO NOT CHARGE AGAINST SEICAG."**
- e) Purchase can be made against the 1991-92 credit from April 1, 1991 to March 31, 1992. **Any unutilized credit will terminate on March 31, 1992.** To ensure that your school authority receives full benefit of the SEICAG program, you should order SEICAG eligible learning resources in June or no later than September to December, 1991.
- f) To assist school authorities in managing purchases charged (expended) against this credit grant, LRDC monthly statements will provide:
 - » Comparison of credit allocation cumulative total with the actual school authority ceiling.
 - » Cumulative totals expended or charges against the credit by individual schools; controlled only if this option is chosen.
- g) The LRDC **assists school authorities in managing locally determined credit sub-allocation ceilings** on an individual school basis if requested by the Superintendent or Secretary Treasurer. It must be noted that the LRDC can record and report credit charges to a school only if the purchase order identifies the school (usually in the form of a "ship to" customer).
- h) Refer to the Alberta Education School Grants Manual, Program Policy manual, or LRDC February 8, 1991, SEICAG information package sent to Superintendents and Secretary Treasurers for more detailed information.
- i) The 1990-91 SEICAG terminates on March 31, 1991.

(11) Linkage of
LRDC Buyers
Guide to
Alberta
Education
Program of
Studies and
Course of
Studies

Instructional materials are those print, non-print and physical resources used to facilitate teaching and learning (eg. audiovisual equipment, physical education equipment, print and non-print learning resources, computer equipment, science laboratories, test materials, teacher resources).

Student learning resources are a subset of instructional materials. They are print or non-print instructional materials used by students in the implementation of provincial Programs of Study (eg. books, films, videotapes, slides, computer programs, videodiscs or manipulatives).

Alberta Education groups student learning resources for use in Alberta schools into two categories - **Basic and Support** (it should be noted that previous categorization was basic, recommended and supplementary). This new classification is intended to communicate the relative importance and role of student learning resources. Authorization means Alberta Education has judged these student resources as the most appropriate for a course or Program of Studies and that they have met Alberta Education criteria for acceptability.

a) **Basic Learning Resources** are those student learning resources authorized by Alberta Education as the most appropriate for addressing the majority of learner expectations of course(s), substantial components of course(s), or the most appropriate for meeting general learner expectations across two or more grade levels, subject areas, or programs as outlined in provincial Programs of Study. These may include any resource format (eg. print, computer software, manipulative or video).

b) **Support Learning Resources** are those student learning resources authorized by Alberta Education to assist in addressing some of the learner expectations of course(s); or assist in meeting the learner expectations across two or more grade levels, subject areas, or programs as outlined in the provincial Programs of Study.

A Course of Studies is a legal document prepared for each course in each subject area at each level of learning. A course of Studies may be a sub-unit of a Program of Studies. The major components of a course of studies are the philosophy, rationale, learner expectations and basic learning resources. A **Program of Studies** is a sequence of courses of study. Teachers may also want to consult Curriculum Guides for suggestions on learning resource usage in the classroom, where one exists.

Teachers and administrators are encouraged to consult the applicable Alberta Education "Program of Studies" and "Course of Studies" to identify appropriate learning resources for use in the classroom. **These are available as of April 1, 1991 only through the LRDC - consult the special catalogue attached to this Buyers Guide for more information.**

The LRDC Buyers Guide identifies all learning resource products available from the LRDC and also is the sole Alberta Education information document that identifies all authorized learning resources.

(12) Key Features
of the Buyers
Guide

- a) **"Basic" learning resources are denoted by the colour red** in the Buyers Guide. In addition, **the number symbol "#"** is also used to denote a **"Basic"** learning resource. Please note you will lose the benefit of colour when you reproduce pages for ordering purposes.
- b) Authorized "Basic" and "Support" learning resources that may be withdrawn or changed within three years are identified by an asterisk "*".
- c) "Basic" and "Support" learning resources that are still authorized, but no longer available, are "blocked-in" at the beginning of each subject listing.
- d) Authorized "Basic" and "Support" learning resources which may be "withdrawn" from the Alberta curriculum in June 1992, or later will be identified when possible.
- e) Atlases, globes and maps are listed under "Social Studies" in the Elementary, Junior and Senior High Sections. To assist customers in ordering, they are relisted under the "General Learning Resources" category.
- f) Dictionaries are listed under Interdisciplinary Resources in the Elementary Section and under English Language Arts in the Junior and Senior High Sections. For customer convenience they are relisted under the General Learning Resources Category.
- g) Software that has been authorized for a given subject will be listed under the subject and grade. However, since productivity software is "not subject and grade specific," it is also relisted under the "Software Section".
- h) Publisher, author, year of publication/copyright and edition of each product, where appropriate, are provided.
- i) Highly useful and customer "friendly" LRDC unique product code for each product (see pages 18 to 22) is used.
- j) ISBN number for each product, where an ISBN has been assigned, is provided.
- k) Products which are limited in quantity because the product is out-of-print and no longer available from the publisher/vendor are identified in the following way: **"limited quantity - out-of-print"**.
- l) There are a few products which the Buyers Guide lists but LRDC does not stock because of high cost and very low sales. This information is provided in the Buyers Guide in the following way: **"Ordered on Demand"**.
- m) New learning resources authorized since the issue of the 1990-91 LRDC Buyers Guide are denoted by the symbol **"New"** before the title.
- n) Supplements are provided in May, September/October and/or late fall if a sufficient number of learning resources have been authorized since the last issue of the Buyers Guide.

* * * * *

(13) Types of
Materials
Listed in the
Buyers Guide

- a) **"Basic" and "Support" Student Learning Resources** (print and non-print) authorized by Alberta Education.
- b) **Distance Education and Correspondence Education Course Materials.** The Alberta Correspondence School (ACS) develops two types of course materials that are then published, printed and distributed by the LRDC:
 - (i) **Correspondence Education Course Materials** - These are the course materials that the ACS has traditionally developed. They are identified as "old" ACS courses or Correspondence Education courses.
 - (ii) **Distance Education Course Materials** - These are newly designed "Distance Education" course materials that incorporate modified learning strategies and the use of technology. These are identified as "new" or "Distance Education" materials.
- c) **Standardized Tests** provide a test instrument for measuring student achievement, occupational preference aptitude, interest inventory, cognitive abilities and school aptitudes. **These will be fully discontinued in June, 1992; only 5 test types will be carried during 1991-92.**
- d) **French Language Instruction Learning Resources** for schools who offer instruction in French pursuant to Sections 5 and 6 of the 1988 Alberta School Act.
- e) **Pre-administered Diploma Examinations (Grade XII)** and Achievement Tests (**Grades 3, 6 and 9**) used as study copies by teachers and students.
- f) **Teacher "Support Documents"** designed by Alberta Education primarily to communicate suggestions and offer alternatives as to how provincial policies or programs could be implemented, eg. monographs, manuals, teaching units, etc., as well as miscellaneous materials such as "Behaviour Disorders manual," flags and "Classroom Organizer."
- g) **Alberta Education Legal, Service and Information Publications**

Legal, Service and Information publications that were previously available from Alberta Education Central Support Services in the Devonian Building, Edmonton, are **now available only through the LRDC.** Principals, Superintendents and Secretary Treasurers were informed of this change December 7, 1990 and again on March 19, 1991.

All these products have a cost recovery selling price except those that were provided as a free distribution when the product was first developed and introduced.

These products are identified in a special catalogue provided with the 1991-92 Buyers Guide.

- h) **Software.** The LRDC stocks education courseware (software that is subject and grade specific) and productivity software (software that is not grade or subject specific). There are many facets in dealing with software such as warranty, custom templates, upgrades, new versions, licensing, single copy users, network versions, class packs, etc. When placing an order for software please analyze your needs carefully. **Software received and opened by a customer is not returnable.**

Software not listed in the LRDC Buyers Guide should be ordered directly from the supplier.

i) **Software User Support**

- Please consult the Alberta Education "Computer Courseware Evaluations" reports for detailed information on software stocked by the LRDC. These reports are available for purchase from the LRDC and are listed in the "Support Documents" Section of the Buyers Guide.
- You may contact the appropriate staff in the Alberta Education Curriculum Department or Language Services Branch to obtain additional information about software.
- Most software vendors have "User Support" telephone numbers listed on their material to enable customers to contact vendor software specialists for detailed information.

(14) Copyright

The new Canadian Copyright Law (Bill C60) was proclaimed in February, 1989. This law establishes the new provisions for protecting the intellectual property of creators/authors of textbooks, software, videos, audio-cassettes and other print and non-print materials and imposes severe penalties for copyright violation.

The new law also established the Canadian Reprography Collective (Cancopy) to negotiate licenses and collect fees on behalf of creators. Each province is working on a provincial per pupil license for elementary and secondary schools, such as is presently the case in many countries as well as in Quebec.

Most LRDC products have "rights reserved" while some resources, such as certain Alberta Education documents, provide the right to reproduce for educational purposes and on a non-profit basis only.

Generally speaking, the end-user or final purchaser of a product from the LRDC is responsible to ensure copyright is not violated. Therefore, some of the copyright-related actions school authorities should take until the final results of the Cancopy negotiations are provided are:

- All staff should be cautioned about copyright infringement.
- Each school authority should have a copyright policy.
- Notices should be posted over copy machines indicating that copyrighted material should not be reproduced except only in relation to the fair dealing section of the legislation: single copies can be made only for private study, research, criticism, reviews, or newspaper study.

If there is a need to copy materials from any copyrighted document, then the school is able to negotiate a copyright release with Cancopy.

The LRDC Copyright Restriction Use Certificate for Software that each school authority has with the LRDC is to ensure that copyright is not violated for software purchased from the LRDC.

You should reference previous Alberta Education Infocus magazines for more details or contact D. Gagnon of the Alberta Education Legislative Services Branch.

(15) Customer and
Business
Services

Hours of
Service

a) Hours of Service

Learning Resources Distributing Centre (12360 - 142 Street, Edmonton, Alberta T5L 4X9) is open from 8:15 to 4:30, Monday through Friday. To improve customer service a telephone answering system is now available for customers to leave messages after 4:30 p.m. A member of the Customer Service and Sales staff will return your call the following day to take your order or handle your inquiry.

Ordering

b) Ordering

Customers may order by mail, FAX or telephone. FAX orders are not handled on a priority basis. The LRDC encourages one school order per telephone call since lengthy calls engage the Customer Service and Sales Staff Representatives with one customer, thereby creating enormously long waiting periods for other customers. It is therefore requested that lengthy orders be faxed or mailed to the LRDC. For ease of ordering, customers are encouraged to use photocopied pages of the Buyers Guide.

The LRDC has undertaken a **commitment to core values of caring, openness, honesty, fairness, sensitivity and trust in our business dealings** with customers, suppliers and clients. To that end, our Customer Service and Sales Staff Representatives have been asked to always identify themselves by name when a customer calls.

Inquiries

c) Inquiries

The LRDC attempts to fill customers orders within a 3-5 day turn-around time. However, during peak customer ordering period, order filling time may be 5-10 days, depending upon the volume of customer orders and current availability of stock. **To improve customer services, the LRDC has developed a Customer Order Inquiry System whereby the LRDC Customer Services and Sales staff representatives can tell you the status of your order quickly and easily.** The information our Customer Service and Sales staff representatives can provide you is:

- » Date your order was received by the LRDC
- » Date the LRDC entered your order into the computer
- » At what stage your order is in the LRDC assembly/shipment process
- » Date of shipment of your order
- » Status of back-ordered items

* To access this information on our computer system, all our staff require is the customer purchase order number.

d) Credit Terms

Credit Terms

Thirty-day credit terms are available to Alberta school authorities who are recipients of the "Basic" Learning Resources Acquisition Subsidy. As well, these terms apply to approved schools in the Northwest Territories, Band Operated and Federal government Administered Indian Schools, Universities and Colleges and other approved credit customers. Credit terms and charge accounts may be made available to other customers upon application.

e) Prepaid Shipping

Prepaid
Shipping

LRDC prepays all outbound shipping charges only within Alberta.

f) Price Reductions

Price
Reductions

Reduced selling prices are indicated by a "slash" mark through the original selling price and the new selling price is listed. The 25% subsidy is still available for "basic" learning resources that have been reduced in price.

g) Backorders

Backorders

The number of orders from schools during the last few years has increased immensely during July to October and in January. **To avoid back order problems you are encouraged to order well in advance of the time you require the resources.**

LRDC Product Planning involves the procurement and maintenance of adequate inventory levels during the school year while attempting to minimize inventory levels at year end. Occasionally a product ordered by a customer is out of stock. In such instances, we immediately initiate an order with the appropriate vendor/supplier and place the customer's outstanding order on a back order. A shipment from the publisher/supplier can take 2 to 4 weeks (longer if the supplier is also out of stock) and hence customers are encouraged to order products well in advance of the date they are required.

Let us know if one of your back-ordered products is a very high priority. During August to October, the LRDC uses an expediting back order process in order to obtain the products from our vendors more quickly, but at an increased expense.

Please contact Customer Service and Sales Section or the Director's Office if you experience many back orders and/or extended back order delivery delays.

h) Previewing

Previewing

A **10% restocking and finance charge** on the "selling" price will be charged for any learning resources ordered for "preview" purposes and returned. **All returns must be in new resaleable condition.**

i) Supplements

Supplements

New product Supplements are scheduled for distribution to Buyers Guide holders in Mid-May, late-August and Mid-November of each year to provide customers with the most up-to-date lists and prices of learning resources that have been authorized since the last annual distribution of the Buyers Guide or Supplement. The Supplements are located in the separate "Supplements" section of the Buyers Guide. However, Supplements are only provided if a sufficient number of new learning resources have been authorized since the last issue. **Please refer to these lists prior to ordering.**

j) Distribution Services

Distribution Services

The LRDC carries out many distributions to Alberta schools for Alberta Education and other government departments including products such as diploma exams, post-secondary student finance applications, etc.

k) Bookstores

Bookstores

Post-Secondary Education Campus Retail Bookstores - The LRDC operates satellite retail bookstore outlets at the Northern Alberta Institute of Technology (Edmonton), Southern Alberta Institute of Technology (Calgary), Alberta College of Art (Calgary) and Lakeland College (Vermilion and Lloydminster). These bookstores sell learning resources and supplies for the college/institute students and instructors.

l) 1992-93 Change in Service - Student "Support" Learning Resources

Change in Service

As indicated in the LRDC March 19, 1991 letter to Principals, Superintendents and Secretary-Treasurers, the LRDC is planning to discontinue around April, 1992, carrying many/most student "Support" learning resources in stock and will replace this with a quarterly consolidated ordering process.

LRDC customers will still be able to order and receive student "Support" learning resources from the LRDC; however, you will receive certain student "Support" products only four times a year while others will be available in stock from the LRDC year-round. This change is a result of lack of warehouse space and the LRDC trying to improve the management of high inventory carrying costs. More information will be available in the winter of 1991.

m) Returns

i) Policy

Returns

The LRDC wants customers to have an easy and hassle-free method of returning products. To ensure the LRDC knows the reason for your return and the appropriate resolution (credit account, refund or replacement), please complete the "Returns Form" on page 26 in the "Header" section and forward it to the LRDC by mail or fax no. 422-9750; page 33 provides returns instructions.

- * **A 15% restocking and finance charge is levied on "surplus" or incorrectly ordered learning resources if the customer provides the correct original purchase order number, pick ticket number or LRDC invoice number; prior written authorization must be obtained for such returns.**

- A 20% restocking and finance charge is applied if the purchase order and LRDC invoice number is not provided by the customer.

ii) **Receiving LRDC Shipments**

The LRDC makes every effort to send you the correct products ordered. Occasionally you may receive an incorrect shipment, a defective item or a product that was damaged in transit. **Please check all shipments carefully as soon as they are received. DO NOT STAMP OR MARK ANY RECEIVED LEARNING RESOURCES UNTIL YOU ARE SATISFIED THAT THE CORRECT PRODUCT, EDITION, ETC. HAS BEEN RECEIVED.** No learning resources will be accepted for adjustment or credit if they have been stamped or otherwise made unsaleable. **Report any discrepancies to Customer Service and Sales (403) 427-2767 immediately or no later than within 30 days of the date given on the LRDC Packing Slip which is enclosed with the order.**

iii) **General Returns Information**

- a. Short shipments must be reported to the LRDC **within 30 days of date of packing slip.**
- b. It is the business policy of the LRDC to accept "surplus" or "incorrectly ordered" stock, only if the given product is in new resaleable condition, still in our active inventory and we are not overstocked.

iv) **Actioning of Returns**

The chart on the following page should help you action any returns. Call LRDC Customer Service and Sales at 427-2767 if you require assistance or further information.

See chart on following page.

(16) LRDC Unique Product Code (UPC) for Ordering and Information Purposes

a) LRDC Unique Product Code Structure

In order to make customer ordering easier and more accurate, as well as to provide customers some "instant" information about an LRDC product the LRDC developed what is called the "LRDC Unique Product Code." **THE LRDC UNIQUE PRODUCT CODE SHOULD ALWAYS BE USED BY CUSTOMERS WHEN ORDERING LEARNING RESOURCE PRODUCTS FROM THE LRDC.** This code uses Alberta subjects and grades as the basic building blocks of the primary information fields, and is made up of eight numbers as illustrated below:

LRDC UNIQUE PRODUCT CODE (UPC)				
Field #	1	2	3	4
	[X]	[XX]	[XX]	[XXX]
Field 1: Language of Instruction (0 or 1)	_____			
This 1 DIGIT NUMERIC CODE indicates whether the specific learning resource is used in (a) English as a Language of Instruction including non-English subjects and denoted by the number 0 or (b) French as a Language of Instruction pursuant to Sections 5 & 6 of the 1988 Alberta School Act and denotes by the number 1 . The code is either 0 or 1.				
Field 2: Subject (or product type)	_____	_____		
This 2 DIGIT NUMERIC CODE identifies the <u>subject</u> the learning resource is authorized or suggested for use in (for example CH is Chemistry, LA is Language Arts, FR is French, etc.) or type of product such as XG for Maps/Globes/Atlases/Dictionaries.				
Field 3: Grade (range is 00 to 12)	_____		_____	
This 2 DIGIT NUMERIC CODE identifies the <u>lowest grade or course level</u> the learning resources is targeted to be used in (for example, 00 is ECS, 03 is Grade 3, 30 level is a Grade 12 resource, etc.)				
Field 4: Accession Number (range is 001 to 999)	_____			_____
This 3 DIGIT NUMERIC CODE is simply an accession number which is applied chronologically, starting at 001, to new products added for each grade/subject specific area.				

The LRDC Unique Product Code is customer "friendly" simple and easy to use and provides the customer some instant information about an LRDC product by referring to the code numbers. **The examples on the following pages illustrate (a) the simplicity of the code, (b) how it will help improve accuracy when customers order products from the LRDC, and (c) how to easily identify the subject, lowest grade and language of instruction that any LRDC learning resource is targeted for use in.**

LRDC/ISBN UNIQUE NUMBERING FOR DISTANCE LEARNING MATERIALS

Field	1 (8)	2 (MA)	3 (10)	4 (P)	5 (00)	6 (Z)	7 (N)	8 (5)
Field 1 - 1 digit number code indicates old Correspondence or new Distance Education Materials eg. (8 - old) (9 - new) (7 - French Language Instruction)								
Field 2 - 2 character alpha code indicates the subject the materials are used with (complete list in Buyers Guide) (eg. MA - Mathematics, SS - Social Studies)								
Field 3 - 2 digit numeric code indicates grade and/or course level (eg. 09 - Grade 9, 31 - Grade 12, course 31, 99 - Adult upgrading)								
Field 4 - 1 character alpha code indicates product type (eg. A - Audio Cassette; V - Video Cassette; P - print Student Materials; T - Teacher Materials; S - Software; L - Laser Disk)								
Field 5 - 2 digit numeric code indicates module or item number and edition (exceptions: 00 - student pack or LFM; 99 - assignment book package)								
Fields 1-5 make up the Unique LRDC Product Code								
Field 6 - 1 character alpha code indicates subject level for grade (eg. A - Level A; B - Level B; C - Level C; M - Modified; Z - No Level)								
Field 7 - 1 character alpha code indicates (eg. A - Apple; C - Computer; I - IBM; N - Non-computer)								
Field 8 - 1 digit numeric code indicates credits (0 - Modules or Non-print, Learning Facilitator's Manual or Teaching Key; 2, 3, 4, 5 - Credits)

c) Examples

*NOTE: See Alpha code for subject designation of the specific learning resource

Example one:

	0	*SC	03	001
Example 1: If the LRDC Unique Product Code is:				
Field 1: (Language of Instruction: 0 or 1)	0			
Field 2: (Subject or Product Type)	*SC			
Field 3: (Grade: 01 to 12)	03			
Field 4: (Accession: 001 to 999)	001			

This is what the above 8 digit LRDC Unique Product Code (UPC) means:

Field 1:	0	English is the language of instruction for the learning resource including non-English subjects such as Ukrainian, German, French, Italian, etc.
Field 2:	*SC	Science (Authorized or suggested for use in Science)
Field 3:	03	Grade 3 (lowest grade this resource is authorized or suggested for use in is Grade 3; it could be targeted for use in grades higher than Grade 3 such as 4, 5, 6, 7, etc.
Field 4:	001	First (001) resources in Grade 3 Science (this simply means that this is the first (001) learning resource that the LRDC carries for Grade 3 Science where English is the language of instruction).

Example two:

	1	*MA	08	027
Example 2: If the LRDC Unique Product Code is:				
Field 1: (Language of Instruction: 0 or 1)	1			
Field 2: (Subject or Product Type)	*MA			
Field 3: (Grade: 01 to 12)	08			
Field 4: (Accession: 001 to 999)	027			

This is what the above 8 digit LRDC Unique Product Code (UPC) means:

Field 1:	1	French is the language of instruction for the learning resource (Sections 5 & 6 of School Act)
Field 2:	*MA	Mathematics (authorized or suggest for use in Mathematics)
Field 3:	08	Grade 8 (authorized or suggested for use in Grade 8, could also be used in Grades 9-12)
Field 4:	027	27th resource in Grade 8 mathematics (this simply means this is the 27th product that the LRDC has for Grade 8 Mathematics in French as the language of instruction)

Example three:

		0	87	6	D	B	0	0
--	--	---	----	---	---	---	---	---

Example 3: If the LRDC Unique Product Code is:

Field 1:	(Language of Instruction: 0 or 1)	0
Field 2:	(Year)	87
Field 3:	(Date of Administration)	6
Field 4:	(D = Diploma: A = Achievement Test) .	D
Field 5:	(Subject: B = Biology)	B
Field 6:	(Grade for Achievement Test only)	0
Field 7:	(Part A or B; or 0)	0

This is what the above 8 digit LRDC Unique Product Code (UPC) means:

Field 1:	0	English is the language of instruction for the learning resource including non-English subjects such as Ukrainian, German, French, Italian, etc.
Field 2:	87	Year - 1987 (86 means 1986, etc.)
Field 3:	6	June Version (1 is January, 6 is June)
Field 4:	D	Diploma Exam
Field 5:	B	Biology Exam
Field 6:	"0"	Since only Grade 12 (3, 6, 9 used for Achievement Tests)
Field 7:	"0"	Since no Part A or B (Part A and B for English courses only)

Example four:

		9	*MA	31	P	01
--	--	---	-----	----	---	----

Example 4: If the LRDC Unique Product Code is:

Field 1:	("Old/New" CE/DE material: 8 or 9)	9
Field 2:	(Subject)	*MA
Field 3:	(Grade or Course Level)	31
Field 4:	(Product Type: see chart Pg. 20)	P
Field 5:	(2 digit numeric code indicates Module or item Number exceptions: 00 - Student packs or Learning Facilitator's Manual 80 or 99 - Assignment Book Package)	01

This is what the above 8 digit LRDC Unique Product Code (UPC) means:

Field 1:	9	"New" Distance Education Material
Field 2:	*MA	Mathematics
Field 3:	31	Grade 12, course level 31
Field 4:	P	Student Print Material
Field 5:	01	In most cases denotes Module #1

ORDERING INFORMATION

(1) Ordering Instructions

Learning Resource listings in the Buyers Guide should be retained by the customer as a permanent copy. The following suggested steps are meant to assist our customers in placing an order:

- Step 1 a) When learning resources are to be ordered, remove original pages from the Buyers Guide binder and **photocopy**. Appropriate page listings can be **photocopied** in advance of ordering and distributed to appropriate curriculum departments, teachers, etc.
- Step 2 b) Return **original pages** to the appropriate section(s) in the Buyers Guide binder.
- Step 3 c) Indicate the order quantity required per product on each **photocopied** "order" page.
- Step 4 d) Prepare Purchase Order and place on front of photocopied "order" pages. Please note that you do not need to relist the products, quantities and prices on your Purchase Order unless that is a requirement of your organization. A contact name would assist our staff if questions arise.
- Step 5 e) Turn to the Header Sheet Section and photocopy one LRDC Order Header Sheet and, **if applicable**, one "Certificate of Copyright Restriction."
- **only one, one-time certificate is required per school authority**, ie: County, Division, District, DND School, Indian School, Northwest Territories School, University, etc.
 - should be completed by appropriate official who can sign on behalf of the school authority.
 - the same "Certificate of Copyright Restriction" remains in effect from year to year and almost all school authorities presently have submitted the certificate to the LRDC.
- Step 6 f) Return original copies of Header Sheet and Certificate of Copyright Restrictions to the Header Sheet Section of the Buyers Guide.
- Step 7 g) Attach the Header Sheet and, only if applicable, Certificate of Copyright Restriction, to the front of the **photocopied** Buyers Guide "order" pages.
- Step 8 h) Complete all required information on the Header Sheet and sign the Certificate of Copyright Restriction form if applicable.
- Step 9 i) Attach the Header Sheet, Certificate of Copyright Restriction, (if applicable), and "order" pages and mail/fax along with your Purchase Order to the following address:

Learning Resources Distributing Centre

12360 - 142 Street
Edmonton, AB T5L 4X9
FAX: (403) 422-9750

b) Selling Price Determination

Determination

One of the major objectives of the LRDC is to ensure that learning resources are as economical as possible. The LRDC operates on a **break-even** financial objective, and to that end, has a cost recovery mark-up on all products sold. There are two primary determinants of the LRDC Selling Price: (1) unit Cost of products to the LRDC from publishers/vendors/suppliers, and (2) LRDC mark-up to cover operating costs.

LRDC production and distribution costs are included in the Distance Education materials "cost of goods" and hence, the LRDC 1991-92 cost recovery selling price is effective April 1, 1991 for schools and all non-ACS registered students and June 1, 1991 for ACS-registered students. This is a result of the LRDC being responsible for all Distance and Correspondence Education materials production and distribution as of April 1, 1991.

c) LRDC 1991-92 Selling Price Impact

1991-92 Selling Prices

The 1991-92 general net impact on prices to LRDC customers is an average increase of about 7.2% in the cost of learning resources over 1990-91 prices. Two factors account for the average 7.2% increase: 1) LRDC suppliers increased their product prices by an average of 6.9%, and 2) LRDC 1991-92 price mark-up increase of 1.5 percentage points to a basic mark-up of 15.0%, which along with some price reductions, increased selling prices by an additional average increase of 0.3%.

Distance and Correspondence Education materials are priced differently. Rather than cost recovering the LRDC production and distribution costs by each individual product, DE/CE prices are targeted to recover production and distribution costs by product line. Therefore, Distance Education student print materials prices are \$13.32 per credit or approximately \$10.00 net after application of the 25% subsidy while Correspondence Education (ie. old) material prices are \$6.64 per credit or approximately \$5.00 net after application of the 25% subsidy.

d) Price Changes

Price Changes

The LRDC changed its price change policy effective April 1, 1990. The **LRDC will hold prices until March 31, 1992, unless unusual or exceptional circumstances warrant otherwise.** Therefore, although subject to change without notice, prices will be maintained, so far as possible, until March 31, 1992. Other than some major or unusual price increases from vendors during the year due to reprint requirements, importation duty, etc., major price changes take place April 1 of each year.

e) Price Markdowns

Price Mark- downs

Reduced selling prices are indicated by a "slash" mark through the original selling price and the new lowered selling price is listed. The 25% subsidy is applied on "Basic" resources where prices are reduced.

(8) Goods and Services Tax (GST)

A GST information letter was sent to all school superintendents, secretary-treasurers and principals on December 7, 1990. Some of the key elements of the LRDC application of the GST are:

- » The LRDC will collect the GST on all goods and services provided to schools and customers except to those who are (a) excluded from the GST legislation (Indian schools on Indian reserves and out-of-country customers) and (b) zero-rated (i.e. tax free) and have an official certificate number providing zero-rated status (provincial governments and their formally recognized entities).
- » The LRDC invoices will show GST charges separate to commodities and services charges.
- » The LRDC will not apply the GST on:
 - i) The 25% subsidy paid by the Alberta Government for "basic" learning resources purchased by eligible school authorities,
 - ii) Materials purchased under the SEICAG (Alberta Education Secondary Education Implementation Credit Allocation Grant) to the extent covered by the grant, and
 - iii) Lesson materials and texts acquired by Alberta Correspondence School registered students who register and pay their tuition fees to Alberta Education.

In theory, **schools should not pay more GST in 1991 than they paid FST in 1990 since schools will receive a 68% rebate** from the Federal Government in the estimated difference between GST to be paid in 1991 and annual FST paid in 1989 and/or 1990; this is based upon an agreement in principle between the Federal Government and Canadian schools, hospitals, universities and municipalities.

**(9) 25% "Basic"
Learning
Resource
Acquisition
Subsidy Grant**

To assist eligible school authorities in providing educational programming to Alberta ECS to Grade 12 students, ACS-registered students and University faculties, "Basic" learning resources are available at subsidized prices when purchased from the LRDC. Details for the subsidy program are as follows:

- a) A 25% subsidy is made available to eligible school authorities and is applied to the selling price of any "Basic" learning resources that have been authorized by Alberta Education.
- b) The 25% subsidy is a "pass through" grant provided by the Alberta government through the Alberta Department of Education School Grants budget. The eligible customer is billed direct for 75% of the selling price while Alberta Education is billed direct for the remaining 25%.
- c) Eligible school authorities are:
 - » All school authorities receiving the School Foundation Program Fund Per Pupil Instructional Grant, namely, Divisions, Counties, Districts and DND Schools.
 - » ECS Operators approved under Section 24 of the 1988 School Act.

- Ensure faxed orders do not indicate "Confirmation" copy.

NOTE: Customers should follow the instructions and ordering requirements of the Central Office of your school jurisdiction/authority in terms of preparing and forwarding purchase orders.

(2) **Computer
Software
Purchase
Instructions
and
Certificate of
Copyright
Restriction**

- a) All school authorities (Counties, Divisions, Districts, DND Schools, Indian Schools, ECS Operators, Northwest Territories Schools, etc.) must have one-time only Certificate of Copyright Restriction on file with Learning Resources Distributing Centre in order to order software.
- b) Because of extremely low prices, the sale of some software, by demand of the supplier, can only be made to an official school authority. In some instances, the LRDC has made a special arrangement with the supplier to sell only one copy to each teacher, teacher's aid or administrator. Where specifically designed software sales are made to teachers, teacher aids and administrators a separate "Certificate of Copyright Restriction" must be completed by the purchaser and authorized by a duly authorized official. Contact Customer Service and Sales for details.
- c) A software order cannot be shipped without the LRDC having a signed certificate for the school authority. Please note that most school authorities have already sent a completed certificate to the LRDC.
- d) **Please order carefully. Software packages which have been opened are NOT RETURNABLE.**
- e) All software should be tested immediately upon receipt to comply with warranty coverage.
- f) All matters pertaining to warranty/replacement should be referred to the appropriate Supplier unless otherwise stated. Please read the instructions which accompany the computer software purchase.
- g) The LRDC, by agreement with the Supplier, can sell certain software only to school authorities.

(5) Returns Instructions

a) Receiving LRDC Shipments

The LRDC makes every effort to send you the correct products ordered. Occasionally you may receive an incorrect shipment, a defective item or product that was damaged in transit. **Please check all shipments carefully** as soon as they are received. **DO NOT STAMP OR MARK ANY RECEIVED LEARNING RESOURCE UNTIL YOU ARE SATISFIED THAT THE CORRECT PRODUCT, EDITION, ETC. HAS BEEN RECEIVED.** No learning resources will be accepted for adjustment or credit if they have been stamped or otherwise made unsaleable. **Report any discrepancies to Customer Service and Sales (403) 427-2767 or Fax 422-9750 immediately or no later than within 30 days from date of the LRDC packing slip which is enclosed with the order.**

b) General Returns Information

- **Short shipments must be reported to the LRDC within 30 days** from date of LRDC packing slip enclosed with the order.
- It is the business policy of the LRDC to accept "surplus" stock or "incorrectly ordered" materials only if the given product is in new, resaleable condition, still in our active inventory, and we are not overstocked.

CHOICES CAREERWARE

"CHOICES" is designed to help students think about what is important in finding a good occupation and identifying promising career paths. Choices is a computer based tool that facilitates the career development process. This program provides the student with the opportunity to make occupational and educational decisions that lead to greater self-awareness and wiser career decisions.

OCCUPATIONAL COMPONENT stores data on approximately 885 major occupations and 2000 related occupations and allows the student to search and access specific items of information on any occupation, such as job descriptions, salaries, etc.

EDUCATIONAL COMPONENT provides on-line access to a data base of over 400 Canadian post-secondary institutions and 3000 programs divided into the four regions of Canada and allows the student to gather specific information on programs of study, tuition, enrollment and admissions information.

ORDERING INFORMATION

It will be of great assistance to the LRDC Order Department if customers are aware of their needs prior to ordering "CHOICES." For advanced information pertaining to this careerware package customers should contact Careerware at 439-7447 in Edmonton or 279-2283 in Calgary. For pricing and ordering information please contact Customer Service and Sales Department at the LRDC.

Choices Occupational Program price is based on high school enrollment as follows:

High School Enrollment	Selling Price per year for 3 year license
Over 250	\$1350.00 (less 25% subsidy)
100 - 250	\$1190.00 (less 25% subsidy)
Less than 100	\$ 955.00 (less 25% subsidy)

STANDARDIZED TESTS

ORDERING INFORMATION

1. Useful Information To Consider

The following information should be carefully considered before selecting tests:

- a** School personnel planning to undertake assessments of exceptional children and/or career assessments are advised to adhere to guidelines developed by the publisher's specific tests. Alberta Education is currently reviewing policy, guideline and procedure statement for the effective use of assessment devices. In the interim, please refer any questions to the Guidance Consultants in the Regional Office of Alberta Education in your zone.
- b** School personnel should note that some standardized achievement tests do not assess the same content at the same level as contained in the Alberta Education language arts, mathematics and science curriculum. It is suggested that school personnel consider the purpose for assessment and review the subject area content of their particular grade level as well as the content covered in the standardized achievement test prior to selecting the test.
- c** School Test Evaluation by the Center for the Study of Evaluation (CSE), at the University of California at Los Angeles, make use of the Mean Evaluation System for evaluating tests. This system consists of four major categories: Measurement Validity, Examinee Appropriateness, Administrative Usability and Normer Technical Excellences. School Test Evaluation reports and ratings are published by CSE for kindergarten through grade two.
- d** Alberta Education staff can give assistance in the design of testing programs and the selection of tests. School jurisdictions, schools, or teachers planning to initiate, modify, or evaluate standardized testing programs are encouraged to consult the Regional Office of Alberta Education in their zone or the Student Evaluation Branch and Records Branch (403) 427-2948.

e Test Scoring Service

In 1984 Alberta Education discontinued the free test scoring service for NCS Answer Sheets. For additional information on Test Scoring Service for NCS General Purpose Answer Sheets, please contact the University of Alberta Computing Services. The contact person is Dan Precht (403) 432-2462.

Notes

Ordering of Correspondence Education Teaching Keys and Learning Facilitator's Manuals

Correspondence Education Teaching Keys and Distance Education Learning Facilitator's Manuals (LFM's) must be ordered on an Official School Jurisdiction Purchase Order or they may be purchased by Teachers if they quote their Teachers Certification Number. (The LRDC reserves the right to verify Teacher Certification numbers.)

Out-of-Print Textbooks

For availability information on any required textbooks that are out-of-print, please contact Alberta Correspondence School before ordering the course.

Videocassettes

Please check the ACCESS Network Media Resource Centre catalogue for the availability status of videocassettes.

FOREWORD

DISTANCE AND CORRESPONDENCE EDUCATION PRODUCTS

(1) **Distance
Education
and
Corres-
pondence
Education
Course
Materials**

Alberta Education, through the Alberta Correspondence School (ACS) develops two types of material:

1. **Correspondence Education Course Materials**

These are the course materials that the ACS has traditionally prepared and made available. They are identified as "old" courses or Correspondence Education courses.

2. **Distance Education Course Materials**

As a result of Distance Learning Projects North and South, the ACS is developing newly designed "Distance Education" course material that incorporates modified learning strategies and the use of technology. These are identified as "new" course materials or "Distance Education" materials.

(2) **Product
Identifi-
cation and
Coding**

The LRDC 8 digit Product Code Number has been designed to assist teachers in easily determining whether material is "old" or "new" by distinguishing between the two types by looking at the first digit: an 8 indicates Correspondence Education ("old") while a 9 indicates Distance Education ("new") materials. A 7 digit indicates Distance Education ("new") product translated into French. Refer to page 19 or 455 for the full code description.

(3) **Availability
and
Ordering of
Distance/
Corres-
pondence
Education
Course
Materials**

Distance/Correspondence Education materials, which are produced by the LRDC at the LRDC Barrhead Production Division or contracted out to the private sector, are available to students and schools from the LRDC at three sales/distribution outlets:

1. Distance/Correspondence Education Grades 1 to 12, print and some non-print materials, to all non-ACS registered students and customers from the regular Edmonton outlet at 12360 - 142 Street facility.
2. Distance/Correspondence Education Grades 1 to 12 materials to individuals who are ACS registered students from the LRDC Barrhead Distribution facility.
3. Distance/Correspondence Education Grades 1 to 12 materials to individuals who are ACS-registered students and who personally come to register and obtain materials from the Harley Court facility in Edmonton at 10045 - 111 Street.

Specific information on ordering and availability follows:

1. Registering with ACS

Application forms (available from ACS) must be submitted by/for all students intending to register for instruction with the ACS. Fees include cost for tuition. Textbooks must be purchased from the LRDC except for circumstances such as if the text for a course is no longer available. Refer to the ACS Student Handbooks, which have been sent to schools, for more information.

2. Ordering Distance/Correspondence Education Material From LRDC

- a) Use the regular LRDC ordering process for submitting orders to the LRDC.
- b) The LRDC will be carrying only some of the non-print materials. The LRDC will carry only required non-print materials developed by the ACS and may produce some non-print materials that have been acquired by Alberta Education, with the LRDC having the right to reproduce and cost recover reproduction and handling costs. The Buyers Guide identifies most of the non-print resources that have been authorized and where they can be purchased/acquired.
- c) Most Correspondence Education ("old") course textbooks required for Distance/Correspondence Education, whether for registered or non-registered students, may be ordered from the LRDC, as has been the case since June 1, 1988. However, textbooks are not available (ie: out of print) for some courses (such as Spanish 15/25/35). In those cases, the only way to acquire the textbook is by registering the student(s) in the course with the ACS (the book is then loaned to the student with a caution fee), as has been the case for a long time.
- d) The original Spanish courses were numbered 14-24-34, however, they have been changed to 15-25-35. Our material still carries the old numbering, but the records reflect the new numbers. We are in the process of identifying our material with the new numbers, but that will be done as the course gets revised, which is not likely for a long time. In the meantime, the content is the same.
- e) The new Distance Education materials have been designed in a modular format. Because of this all parts may not be available when the product is first released. Although every effort will be made to ship a complete set, customers should be aware the LRDC will keep a record of those parts that have not been shipped and will provide those parts as soon as possible. Every effort will be made by the LRDC to minimize the number of shipments required. In most cases the first "A" Pack will be followed by the remainder in a "B" pack.

- f) A list of required laboratory supplies are provided with most science subjects. The LRDC does not supply these items to non ACS-registered students. They are listed for your information only.

(4) **Types of Distance Education (New) Course Materials**

1. Each course generally consists of 4 to 8 student modules which are intended to be used by individual students.
2. Each module generally has one student corresponding assignment booklet.
3. Customers can purchase either the entire student package (all modules plus assignment booklets) or individual modules and assignment booklet and/or sets of assignment booklets.
4. Each course generally has a Learning Facilitator's Manual (LFM). They provide teachers with hands-on assistance in "how" to deliver the Distance Education Program. The Learning Facilitator's Manuals contain a sample test and answers; therefore, they are available only to schools on school/jurisdiction purchase order and/or to teachers with verifiable teaching certificate number. Many of the teaching keys (for old courses) are poor quality in terms of reproduction. Please refer to the description of the teaching key you require for information on status of print type, the handwritten keys are identified.
5. The Distance Education Program also involves a variety of non-print material. The LRDC Buyers Guide identifies a large number of the non-print materials and where you are able to access them. Many of the videos are available through the Regional and Urban Film Centres as part of an Alberta Education negotiated Provincial License. As well, many are available through ACCESS. In some cases, schools will need to acquire materials directly from the supplier. In most cases, the school may already have the material.

(5) **Pricing Structure**

General pricing for types of Distance and Correspondence resources are:

1. LRDC prices are based upon full cost recovery of cost of goods, reproduction and distribution costs.
2. In general, Distance Education (ie. new) student print materials prices are \$13.32 per credit or approximately \$10.00 net after application of the 25% subsidy while Correspondence Education material (ie. old) prices are \$6.64 per credit or approximately \$5.00 net after application of the 25% subsidy.
3. Student print materials/modules are authorized as "basic" learning resources; school jurisdictions who are eligible for the 25% Basic Learning Resource Acquisition Subsidy, as well ACS-registered students, will receive a 25% subsidy for student print materials.
4. All five-credit Distance Education materials are available at a Selling Price of \$66.60; however, after application of the 25% subsidy, the cost to the eligible school or ACS-registered student will be approximately \$49.95 which is

approximately \$10.00 per credit. Three-credit course costs are \$40.00 less 25%, or \$30.00 net, which is \$10.00 per credit.

5. Correspondence Education ("old") student print material prices are \$6.64 per credit or approximately \$5.00 net after application of the 25% subsidy.
6. Because of extra handling costs, the sum of individual parts will cost considerably more than the package price when sold as parts.
7. The Learning Facilitator's Manuals and Teaching Keys are priced at \$60.00 per manual and are authorized as "Support". Learning Facilitator Manuals and Teaching Keys are not eligible for the 25% Basic Learning Resource Acquisition Subsidy since they are "Support" resources. Many Teaching Keys are of poor quality in terms of reproduction. A project is presently under way to have all teaching keys typed to provide better reproduction. Please refer to subject description for present status (we have identified all handwritten keys).
8. Assignment booklets are available in complete sets. Pricing is: \$1.60 x the number of module booklets in the set (for example, a 5 module Assignment Booklet set would cost \$8.00 or \$6.00 after the 25% subsidy).
9. Price changes are effective April 1, 1991 while price changes for ACS-registered students only are effective June 1, 1991.

Practical Mathematics

This course consists of five modules, each containing from four to seven lessons.

The course is designed to provide upgrading and additional background in mathematics. Taken individually the modules provide instruction and practice in specific areas of weakness. Taken as a unit, the first five modules will equip students to handle most of the practical mathematical problems encountered in daily living. Students who complete Practical Mathematics (Modules 1-5) may proceed to Mathematics 14.

This series was also designed to meet the needs of tradespeople, especially in preparing students to meet the entrance requirements for apprenticeship programs.

MouseWrite Word Processing Software, Version 2.6.8c

MouseWrite is a word processing package which incorporates a "MAC-like" interface complete with on-screen pull down menus. The package provides good word processing capabilities for the Apple IIe computer (128K, enhanced version) as well as the Apple IIc and the Apple IIgs, and includes a dictionary and thesaurus. Three disks are provided with MouseWrite as well as tutorial and reference manuals.

A provincial licence for MouseWrite was obtained as part of implementation activities associated with The Writing Process Using the Word Processor: Inservice Leader's Reference Manual initiative. A complete MouseWrite package consisting of the following was provided to superintendents in each Alberta school jurisdiction:

- 3 master disks to be used for duplication
- 1 MouseWrite Tutorial Manual
- 1 MouseWrite Reference Manual
- 1 Introduction to MouseWrite Summary Package
- 1 MouseWrite Duplication Information Sheet
- 1 Addendum MouseWrite Fonts

Please contact the superintendent of your school jurisdiction to obtain MouseWrite. Authorization labels for duplicate copies are available from the Technology Integration Unit, Curriculum Support Branch.

Spreadsheet Application Software

Twin, Version 1.4 and 2.2

"The Twin" is a spreadsheet software program designed to provide an introduction and specific instruction in the use of a spreadsheet in sample business applications.

It is an easy-to-use spreadsheet/graphics program offering efficient cursor movement, good flexibility, ease of editing, and minimal disk swapping. The good range of graphics and the detailed help menus combine to make this an effective package for high school use. While this program is a Lotus 1-2-3 clone in terms of functions and capabilities, its operating speed is about one-third that of Lotus. However, this is not a major detriment for high school applications.

Components include: 3 disks (2 program, 1 library) user's guide.

Word Processing Application Software

Microsoft® Word Academic Edition, Version 5.0

NOTE: The thesaurus provides a comprehensive coverage of the English language and contains terms that may be objectionable to some individuals and community members. Target audiences grades 10-12.

DESCRIPTION

"Microsoft® Word" is a powerful word processing package designed to teach the management of complex documents with the aid of a self-paced student tutorial. Included in the package are word processing, utilities, printing, spelling checker, thesaurus and tutorial functions accessed via the keyboard or a mouse.

"Microsoft® Word's" chief strengths are its excellent on-screen display, the ability to move information easily within and between files, the inclusion of a comprehensive, self-paced student tutorial and the variety of high-powered additional features available. These strengths must be balanced against unconventional terminology used in the documentation, the limited explanations offered on some concepts, the need for disk swapping and the initial time needed to learn the 260 commands.

Microsoft® Word Academic Edition, Version 4.0

NOTE: The thesaurus provides a comprehensive coverage of the English language and contains terms that may be objectionable to some individuals and community members. Target audiences grades 10-12.

DESCRIPTION

"Microsoft® Word" is a powerful word processing package designed to teach the management of complex documents with the aid of a self-paced student tutorial. Included in the package are word processing, utilities, printing, spelling checker, thesaurus, and tutorial functions accessed via the keyboard or a mouse.

An Examination of "Microsoft® Word" on the Macintosh revealed that this program is designed to make the operating system of the computer as transparent as possible to the user. The mouse is an integral part of the design of the program and with it the user can point and manipulate the document almost intuitively. "Microsoft® Word's" biggest strength lies in the concept of what-you-see-is- what-you-get. The Macintosh version of this program parallels IBM version on a functional basis but the use of the mouse makes the process of manipulating commands quite different. It should be noted that all mouse commands can be accessed via the keyboard by using various command and option key sequences.

"Microsoft® Word's" chief strengths are its excellent on-screen display, the ability to move information easily within and between files, the inclusion of a comprehensive, self-paced student tutorial, and the variety of high-powered additional features available. These strengths must be balanced against unconventional terminology used in the documentation, the limited explanations offered on some concepts, the need for disk swapping and the initial time needed to learn the 260 commands.

CAREER AND LIFE MANAGEMENT

CHOICES CAREERWARE

"CHOICES" is designed to help students think about what is important in finding a good occupation and identifying promising career paths. Choices is a computer based tool that facilitates the career development process. This program provides the student with the opportunity to make occupational and educational decisions that lead to greater self-awareness and wiser career decisions.

OCCUPATIONAL COMPONENT stores data on approximately 885 major occupations and 2000 related occupations and allows the student to search and access specific items of information on any occupation, such as job descriptions, salaries, etc.

EDUCATIONAL COMPONENT provides on-line access to a data base of over 400 Canadian post-secondary institutions and 3000 programs divided into four regions of Canada and allows the student to gather specific information on programs of study, tuition, enrollment and admissions information.

ORDERING INFORMATION

It will be of great assistance to the LRDC Order Department if customers are aware of their needs prior to ordering "CHOICES." For advanced information pertaining to this careerware package customers should contact Careerware at 439-7447 in Edmonton or 279-2283 in Calgary. For pricing and ordering information please contact Customer Service and Sales Department at the LRDC.

Choices Occupational Program price is based on high school enrollment as follows:

High School Enrollment Selling Price per year for 3 year license

Over 250	\$1350.00 (less 25% subsidy)
100 - 250	\$1190.00 (less 25% subsidy)

Life Choices Simulation Package - Version 2.0

DESCRIPTION OF PRODUCT

The Life Choices Simulation Package was developed and produced by the Institute for Computer Assisted Learning (ICAL) of the University of Calgary. It is designed to allow the student to attempt, through examining his or her own choices and values, to plan a life-style which will accurately and increasingly reflect personal, meaningful life choices. The simulation is structured to encourage each student to examine and compare seemingly desirable/possible futures and develop the skills needed to actualize them. Life Choices Simulation encourages the students to make decisions about their future life and provides them with an environment in which to experience the consequences. The simulation is played in a series of rounds, with each round equivalent to one year of the students future life. The simulation progression of the program involves 12 major steps in each round.

SITE DEFINITION/USER RESTRICTION

The purchase of Life Choices Simulation is restricted to usage on one site and for educational purposes. One site is defined as a single educational institution, such as a high school, at a single geographic location. The purchaser may duplicate as many additional copies of the software and documentation as necessary for each site but cannot lend or use outside of the site. The purchaser may duplicate the student manual or durable bound copies may be purchased in bulk from Learning Resources Distributing Centre, 12360 - 142 Street, Edmonton, Alberta, T5L 4X9 (403) 427-2767.

SYSTEM REQUIREMENTS

IBM PC/XT/AT, MS-DOS 2.0 or later, 256K, 1 or 2 disk drives, monitor, printer.

It is recommended that this program be used with either the conventional dual floppy drives or load to a machine with a hard drive.

UPDATE INFORMATION

Updates will be available in September of each year and could involve revision to the software and/or manuals. The cost of each update program will be approximately \$80.00 and will be eligible for the 25% Basic Learning Resource Acquisition Subsidy.

(1) **Before
Ordering**

1. Teachers should check with their school principal and/or Central Office regarding the specific plan that the school authority may have regarding SEICAG Purchases. The LRDC SEICAG Information Package was sent to all eligible school authority Central Offices on February 8, 1991.
2. All products listed in the attached "blue coloured" supplement are eligible for the SEICAG credit.
3. For your convenience, SEICAG eligible products are noted in the main sections of the Buyers Guide as "SEICAG ELIGIBLE" under each title.
4. Further listings of learning resources which are eligible for purchase under the Credit Allocation Plan will be forwarded to schools as part of the LRDC Buyers Guide Supplements after the products are authorized by Alberta Education.
5. All such lists of SEICAG products will be colour coded in blue; please attach to the original "blue" supplement.
6. All additional lists distributed in 1991-92 will be identified by the number at the bottom beside the term "SEICAG" and will follow in consecutive order.
7. Sections (2) to (5) [SEICAG pages 2-4] should be read prior to ordering SEICAG eligible learning resources.
8. See pages 7 and 8 of the Buyers Guide for more information.

1. Policy Statement

The availability of appropriate learning resources is a significant factor in providing students with quality education. To assist school authorities in implementing Secondary Education programs to Alberta grade 7 to 12 students, Alberta Education will again in 1991-92 provide additional funding of \$3.1M through the Secondary Education Implementation Credit Allocation Grant (SEICAG) to school boards and funded accredited private schools who may utilize this grant to purchase specific eligible learning resources from the Alberta Learning Resources Distributing Centre (LRDC).
2. Eligibility
 - a. \$15.00 per eligible funded student in grades 7 to 12 has been allocated as a credit at the Learning Resources Distributing Centre toward the purchase of specified learning resources (about \$3.1M for 1991-92).

- b. All funded school authorities, namely Divisions, Counties, Districts, DND Schools, and accredited private schools, are eligible to receive the \$15.00 per pupil credit.
- c. The specific learning resources that qualify for the credit grant are identified in this 1991-92 LRDC Buyers Guide SEICAG Section and will also be updated in future supplements.

3. Operational Procedures

- a. Alberta Education will determine the amount of the credit on a school authority basis by multiplying the number of eligible funded students in grades 7 to 12 as of September 30, 1990, by \$15.00.
- b. Purchase orders containing qualifying learning resources will be automatically applied against the credit unless specifically and clearly requested otherwise by the ordering school or school authority. Therefore, if a school does not want a particular purchase order charged against the credit, the purchase order should clearly state "DO NOT CHARGE AGAINST SEICAG."
- c. Upon receiving a purchase order for eligible learning resources, the LRDC will automatically apply the amount of the purchase against the school authority credit amount as identified in Appendix B. The LRDC will record and report SEICAG purchases by individual schools, on behalf of the school authority, only if requested by the Central Offices; however, the purchase order must identify the school as a "ship to" customer. The automatic charging against the school authority credit ceiling will continue until the credit limit is reached; at that point, regular LRDC billing would occur.
- d. The "Basic" Learning Resources Acquisition 25% Subsidy will be applied to qualifying SEICAG orders first; the remaining cost (ie. 75%) will then be applied against the credit. This means that a credit of \$15.00 will actually purchase a "Basic" resource valued at \$20.00.
- e. Purchases can be made against the \$15.00 credit from April 1, 1991 to March 31, 1992. An unutilized credit will terminate on March 31, 1992. To ensure that all school authorities receive full benefit of this grant program, you are encouraged to order SEICAG eligible learning resources early or no later than December 1991 in case some items would be temporarily out-of-stock in March 1992.
- f. For annual financial accounting and reporting purposes, a receiving school authority should show the amount of credit allocation received (utilized) as a provincial grant revenue and also as an expenditure.

(4) Additional Assistance to School Authorities

- 1. LRDC invoices will identify SEICAG purchases.
- 2. To assist school authorities in managing purchases charges (expended) against this credit grant, LRDC monthly statements will provide:

a) Comparison of Credit Allocation Cumulative total with the actual school authority ceiling.

b) Cumulative totals expended or charged against the credit by individual schools; controlled only if this option is chosen (see item 3.c).

3. The LRDC has developed a computer program to assist school authorities managing locally determined credit sub-allocation ceilings on an individual school basis. To continue this "optional" supportive aspect in managing and reporting utilization against allocations, the Superintendent, Business Official, or Private School Operator had to inform the LRDC that they wanted the LRDC to record and report the "school ceilings" option. It must be noted that the LRDC can record and report credit charges to a school only if the purchase order identifies the school (usually in the form of a "ship to" customer).

4. You may want to refer to the LRDC February 8, 1991 SEICAG Information Packages forwarded to all Superintendents, Secretary Treasurers and Private School Operators for more information.

(5) **Contacts
for Further
Information
and
Assistance**

1. Mona Megley, LRDC Customer Service and Sales Manager, or Ralph Goddard, LRDC Assistant Director of Operations (427-2767 or Fax 422-9750) should be contacted for any assistance or information regarding the application and administration of this grant.

2. Lloyd Symyrozum, Curriculum Branch Director (427-2984), or Gerard Bissonnette, Language Services Branch Acting Director (427-2940) should be contacted for information regarding the list of learning resources eligible to be purchased under the SEICAG Grant.

3. Appropriate Regional Office of Education staff can also be contacted for information and assistance.

CAREER AND LIFE MANAGEMENT

CHOICES CAREERWARE

"CHOICES" is designed to help students think about what is important in finding a good occupation and identifying promising career paths. Choices is a computer based tool that facilitates the career development process. This program provides the student with the opportunity to make occupational and educational decisions that lead to greater self-awareness and wiser career decisions.

OCCUPATIONAL COMPONENT stores data on approximately 885 major occupations and 2000 related occupations and allows the student to search and access specific items of information on any occupation, such as job descriptions, salaries, etc.

EDUCATIONAL COMPONENT provides on-line access to a data base of over 400 Canadian post-secondary institutions and 3000 programs divided into four regions of Canada and allows the student to gather specific information on programs of study, tuition, enrollment and admissions information.

ORDERING INFORMATION

It will be of great assistance to the LRDC Order Department if customers are aware of their needs prior to ordering "CHOICES." For advanced information pertaining to this careerware package customers should contact Careerware at 439-7447 in Edmonton or 279-2283 in Calgary. For pricing and ordering information please contact Customer Service and Sales Department at the LRDC.

Choices Occupational Program price is based on high school enrollment as follows:

High School Enrollment Selling Price per year for 3 year license

Over 250	\$1350.00 (less 25% subsidy)
100 - 250	\$1190.00 (less 25% subsidy)

LEGAL, SERVICE AND INFORMATION PUBLICATIONS

(1) Foreword

As of April 1, 1991, the majority of Legal, Service and Information Publications, formerly obtained from Central Support Services, will be available for sale through the Learning Resources Distributing Centre. Only a few publications will be available direct from Alberta Education branches, they are indicated on page LSI 4.

(2) Background

Alberta Education produces Legal, Service and Information Publications to communicate Alberta Education policies, procedures and information to school authorities about education in Alberta.

1. Legal Publications

Legal Publications are approved by the Minister or Deputy Minister of Education and are primarily used to communicate Alberta Education requirements as set forth by provincial legislation, regulations, policies or programs. Legal publications include program of studies and handbooks.

2. Service Publications

Service Publications communicate expectations for policy or program implementation by interpreting or expanding upon the legal requirements. Service publications includes Curriculum Guides and Teacher Resource Manuals.

NOTE: For revised or new programs since the 1986-1987 school year, Teacher Resource Manuals have replaced Curriculum Guides.

3. Information Publications

Information Publications communicate all services available through Alberta Education to Alberta schools and/or how to access these services. These type of publications also explain the operation of Alberta Education or directions set by the Department of Education.

(3) **LRDC Unique Product Number and Alpha Code Table**

LRDC Unique Product Number and Alpha Code Table for Legal, Service and Information Publications

(4) **Pricing Structure**

LRDC selling prices are based upon recovery of initial cost of goods (includes reproduction and freight) and operational and distribution costs.

(5) **Ordering Procedures**

Use the LRDC regular ordering process for submitting orders to the LRDC. Please contact LRDC Customer Service and Sales (427-2767) for additional information.

(6) **1992-93 LRDC Buyers Guide Publications List**

All legal, service and information publications will be fully incorporated into the 1992-93 Support Document section of the Buyers Guide.

You are encouraged to place this Product Price list into the "Supplements Section" of the 1991-92 Buyers Guide, as well, each school should save extra copies for direct teacher use.

(7) **Distribution of New Publications**

Alberta Education branches may continue to have an initial free distribution to school jurisdictions, agencies and authorities. Following the initial free distribution, the LRDC will stock the publication for resale.

LEGAL, SERVICE AND INFORMATION PUBLICATIONS

(1) Foreword

As of April 1, 1991, the majority of Legal, Service and Information Publications, formerly obtained from Central Support Services, will be available for sale through the Learning Resources Distributing Centre. Only a few publications will be available direct from Alberta Education branches, they are indicated on page LSI 4.

(2) Background

Alberta Education produces Legal, Service and Information Publications to communicate Alberta Education policies, procedures and information to school authorities about education in Alberta.

1. Legal Publications

Legal Publications are approved by the Minister or Deputy Minister of Education and are primarily used to communicate Alberta Education requirements as set forth by provincial legislation, regulations, policies or programs. Legal publications include program of studies and handbooks.

2. Service Publications

Service Publications communicate expectations for policy or program implementation by interpreting or expanding upon the legal requirements. Service publications includes Curriculum Guides and Teacher Resource Manuals.

NOTE: For revised or new programs since the 1986-1987 school year, Teacher Resource Manuals have replaced Curriculum Guides.

3. Information Publications

Information Publications communicate all services available through Alberta Education to Alberta schools and/or how to access these services. These type of publications also explain the operation of Alberta Education or directions set by the Department of Education.

(3) LRDC Unique Product Number and Alpha Code Table

(4) Pricing Structure

LRDC selling prices are based upon recovery of initial cost of goods (includes reproduction and freight) and operational and distribution costs.

(5) Ordering Procedures

Use the LRDC regular ordering process for submitting orders to the LRDC. Please contact LRDC Customer Service and Sales (427-2767) for additional information.

(6) 1992-93 LRDC Buyers Guide Publications List

All legal, service and information publications will be fully incorporated into the 1992-93 Support Document section of the Buyers Guide.

You are encouraged to place this Product Price list into the "Supplements Section" of the 1991-92 Buyers Guide, as well, each school should save extra copies for direct teacher use.

(7) Distribution of New Publications

Alberta Education branches may continue to have an initial free distribution to school jurisdictions, agencies and authorities. Following the initial free distribution, the LRDC will stock the publication for resale.

- DIAGNOSTIC MATHEMATICS PROGRAM -

Division I and II Handbooks

The Diagnostic Mathematics Program was developed by Alberta teachers under the direction of Alberta's Department of Education. This program relates to the Alberta Elementary Mathematics Program of Studies and can be used by teachers during regular classroom instruction and by other teachers meeting special student needs. Teachers are able to personalize instruction for their students by interrelating, planning, instructing and evaluating through the Diagnostic Teaching Cycle.

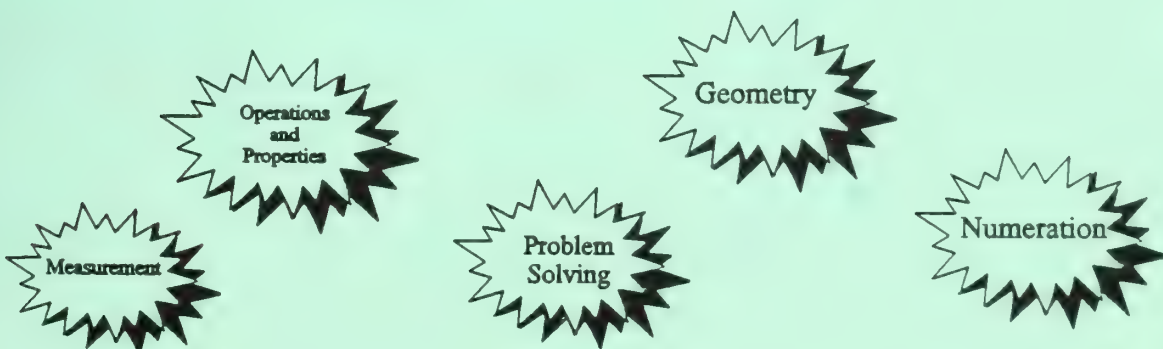

The complete Diagnostic Mathematics Program consists of ten handbooks; five handbooks for Division I (Grades 1, 2 and 3) and five handbooks for Division II (Grades 4, 5 and 6).

Each of the five handbooks per division contains the evaluation strategies, the keys and criteria charts for these evaluation strategies, and suggested follow-up instructional strategies.

The titles of the five handbooks for each division are:

- 1) Numeration
- 2) Operations and Properties
- 3) Measurement
- 4) Geometry
- 5) Problem Solving

Also included in each handbook are the instructions for using this program, as well as a description of the theoretical basis of the program and the development of the program.

The LRDC would also like to inform schools of the availability,
in conjunction with the Diagnostic Mathematics Program, of

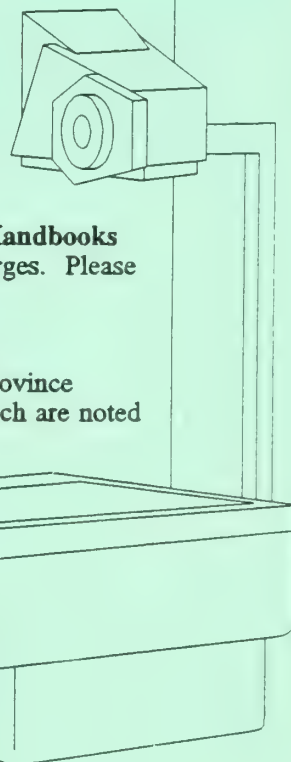

- MATHEMATIC MANIPULATIVES -

Individual Components and Packages

These Mathematic Manipulatives may be purchased along with the Diagnostic Mathematics Program or as required by your school(s). They are used primarily to teach and promote an understanding of mathematical concepts to students.

Ordering Instructions

1. When ordering the Diagnostic Mathematics Program Handbooks and Mathematic Manipulatives, use the LRDC regular ordering process. Please contact LRDC Customer Service and Sales for additional information.
2. Please add 7% G.S.T. to LRDC selling price.
3. All prices are firm until March 1992 unless exceptional circumstances warrant otherwise.
4. Out-of-province sales of the **Diagnostic Mathematics Program Handbooks** have a slightly higher selling price plus handling and shipping charges. Please call LRDC Customer Sales and Service for details.
5. Out-of-province sales, except to the N.W.T., of the **Mathematics Manipulatives** will not be available through the LRDC. Out-of-province customers should contact and order direct from the supplier(s), which are noted in the listing of these products.

**CANADIAN COMPREHENSIVE ASSESSMENT PROGRAM
(C.C.A.P.)**

C.C.A.P. consists of 3 test instruments. Each test instrument may be used alone or in conjunction with the other 2 instruments. Each test instrument is statistically related and when used in combination these 3 instruments provide a complete profile of each students achievement, ability and attitude. The 3 test instruments are listed below:

1. Achievement Series
2. Developing Cognitive Abilities Test (DCAP)
3. Skills Attitude Measure (SAM)

**C.C.A.P. - ACHIEVEMENT SERIES
by Raymond R. Danley
(Guidance Centre, 1980 Edition)**

Comprehensive Achievement Tests are designed to provide users with a simplified but thorough junior E.C.S. through grade 9 information system, giving users norm-referenced information in the basic skills areas of reading, mathematics, and language. Various levels also measure student performance in word attack, study skills, science and social studies.

To administer these test you need:

- *Test booklets
- *Directions for Administration
- *Answer Sheets (for reusable tests)

To hand-score these tests you need:

- *Answer Key
- *Pupil Records and Class Analyzer

To interpret the results you need:

- *Teachers Manual
- *Norms Booklet
- *Technical Manual

Test Booklets

Each test package includes Test Booklets, 1 Directions for Administration, 1 Pupil Record for each test, and 1 Class Analyzer.

C.C.A.P. - SCHOOL ATTITUDE MEASURE (S.A.M.)

by Raymond R. Danley
(Guidance Centre, 1982 Edition)

The School Attitude Measure (S.A.M.) is a multi-dimensional, self-report survey instrument developed to provide evaluation of students affective responses to their school experience. S.A.M. covers Grades 4-9.

To understand better the performance of students in the school environment, it is useful to examine their perceptions of themselves as competent learners. Such information can be valuable in making decisions about program development, individual education planning, selection and placement of students for particular programs, guidance planning and the development of instructional standards and objectives.

The 3 levels of S.A.M. provide information on 5 attitude scales:

- *Motivation for schooling (Why I feel that I do things)
- *Academic self-concept, performance-based (How I feel about my school performance)
- *Academic self-concept, reference-based (How others view my school performance)
- *Students sense of control over performance (How much control, or power I have over my school situations)
- *Students instructional mastery (What I need to succeed and learn in school)

To administer these tests you need:

- *Test booklets
- *Directions for Administration
- *Answer Sheets

To record and interpret the results you need:

- *Individual Profiles
- *Teachers Manual

Machine Scoring						
Each package of S.A.M. Answer Sheets contains 3 Header (ID) Sheets to identify the tests by school and class. These Header Sheets must be completed correctly by school personnel to ensure accurate reports. The Directions for Administration for S.A.M. explain in detail the correct way to mark the Answer Sheets. Instructions for Ordering Machine-Scoring, included with the Answer Sheets, provide complete information on ordering scoring services and identifying test materials, as well as on packaging, shipping, cost and turnaround time.

RE: LRDC JUNE SUPPLEMENT

Enclosed please find the LRDC Buyers Guide 1991 "June Supplement" for your use or distribution to your staff and/or schools. The "ivory" supplement lists new learning resources which were approved since the distribution of the 1991-92 Buyers Guide earlier this year.

The "blue" supplement lists recent learning resource authorizations which are eligible for the Secondary Education Implementation Credit Allocation Grant (SEICAG).

*The "buff" sales flyer lists Standardize Testing Materials that have been reduced to clear and available for sale from the LRDC until October 15, 1991 or **while quantities last** on a "first order, first serve" basis. After October 15, 1991 these products will no longer be available from the LRDC.*

Also enclosed please find the "green" product bulletin for the new Diagnostic Mathematics Program, which includes handbooks for Div. I and II and math manipulatives components and packaged sets. All supplements are to be placed in the "Supplements" Section of your Buyers Guide.

Additional supplements are available upon request from Customer Service and Sales at 427-2767 or by FAX 422-9750.

TYPEWRITING 10-20-30

BASIC RESOURCES

WordPerfect , Version 5.1 - IBM -

DESCRIPTION

WordPerfect is a comprehensive word processing software program designed to provide that balanced foundation of form and function, which integrates text and graphics to create professional-looking correspondence and documents. Extended features include a language spellers, a thesaurus, built-in mathematics function, an elaborate merging component, macro capability, several keyboard layouts and desktop publishing.

Special Note

WordPerfect Software Program 1991

Throughout the 1991 Calendar year only, WordPerfect is offering to Alberta schools and jurisdictions the following opportunity. For every one copy of WordPerfect IBM/MS-DOS, MacIntosh or Apple IIGS software purchased WordPerfect Corporation will donate, at no additional charge, seven (7) additional licenses to use the software on computers in the school. For 5 and 20 packs, WordPerfect Corporation will donate seven (7x) times the number of licenses included in the pack. The donation does not include disks or documentation, but you can receive templates by returning the enclosed licensing request form, found in each package, to WordPerfect Corporation. When the licensee updates the software purchased, the donated licenses will also be automatically updated under the license agreement. This offer is only in effect until December 31, 1991.

WordPerfect Version 5.1 - IBM/MS-DOS

New features include tables for tabulation and columns, equation editor for mathematical and scientific documents, dictionary, hyphenation, mouse supported with pull-down menus and the merging function is simpler.

LEGAL, SERVICE AND INFORMATION PUBLICATIONS

(1) Foreword

As of April 1, 1991, the majority of Legal, Service and Information Publications, formerly obtained from Central Support Services, are now available for sale through the Learning Resources Distributing Centre. Only a few publications will be available direct from Alberta Education branches, which are indicated on page LSI 4.

This Revised Product List replaces the original April 1991 product list for these publications.

(2) Background

Alberta Education produces Legal, Service and Information Publications to communicate Alberta Education policies, procedures and information to school authorities about education in Alberta.

1. Legal Publications

Legal Publications are approved by the Minister or Deputy Minister of Education and are primarily used to communicate Alberta Education requirements as set forth by provincial legislation, regulations, policies or programs. Legal publications include program of studies and handbooks.

2. Service Publications

Service Publications communicate expectations for policy or program implementation by interpreting or expanding upon the legal requirements. Service publications includes Curriculum Guides and Teacher Resource Manuals.

NOTE: For revised or new programs since the 1986-1987 school year, Teacher Resource Manuals have replaced Curriculum Guides.

3. Information Publications

Information Publications communicate all services available through Alberta Education to Alberta schools and/or how to access these services. These type of publications also explain the operation of Alberta Education or directions set by the Department of Education.

(3) LRDC Unique Product Number and Alpha Code Table

LRDC Unique Product Number and Alpha Code Table for Legal, Service and Information Publications

XV - Service Publications					

LRDC selling prices are based upon recovery of initial cost of goods (includes reproduction and freight) and operational and distribution costs.

(4) Pricing Structure

Use the LRDC regular ordering process for submitting orders to the LRDC. Please contact LRDC Customer Service and Sales (427-2767) for additional information.

(5) Ordering Procedures

All legal, service and information publications will be fully incorporated into the 1992-93 Support Document section of the Buyers Guide.

(6) 1992-93 LRDC Buyers Guide Publications List

You are encouraged to place this Product Price list into the "Supplements Section" of the 1991-92 Buyers Guide, as well, each school should save extra copies for direct teacher use.

(7) Distribution of New Publications

Alberta Education branches may continue to have an initial free distribution of new publications to school jurisdictions, agencies and authorities. Following the initial free distribution, the LRDC will stock the publication for resale.

ATTN: BUYERS GUIDE RECIPIENTS (See list below)

RE: LRDC AUGUST SUPPLEMENT

Attached is the LRDC Buyers Guide "August 1991 Supplement" for your use or distribution to your staff and/or schools. The "pink" supplement section lists new learning resources which were approved since the distribution of the 1991-92 Buyers Guide in late April and the 1991 "June" supplement. We have provided price change notices on a few of our products. As well, refer to page 696 of the Supplement if you require student support resources for Instrumental and Choral Music 10-20-30 since there is a change in the source of supply.

The "blue" supplement lists recent learning resource authorizations which are eligible for the Secondary Education Implementation Credit Allocation Grant (SEICAG).

Also attached is the "goldenrod" sales flyer on software resources that have been reduced to clear. These are available only "while quantities last."

The "grey" supplement is a revised product price list for Alberta Education's Legal, Service and Information Publications, which was originally introduced in April, 1991. Please replace the April 1991 list with this revised August 1991 product list.

The attached page (16.a) dealing with "Year end (March 31) Order Filling and Pricing" should be inserted after page 16 of the Buyers Guide; please inform all appropriate staff of this important year-end information. The rest of the attached should be placed in the "Supplements" section of your 1991-92 LRDC Buyers Guide. Additional Supplements are available upon request from LRDC Customer Service And Sales at 427-2767 or by fax 422-9750.

BASIC RESOURCES

MouseWrite Word Processing Software, Version 2.6.8 c

MouseWrite is a word processing package which incorporates a "MAC-like" interface complete with on-screen pull down menus. The package provides good word processing capabilities for the Apple IIe computer (128K, enhanced version) as well as the Apple IIc and the Apple IIs, and includes a dictionary and thesaurus. Three disks are provided with MouseWrite as well as tutorial and reference manuals.

A provincial licence for MouseWrite was obtained as part of implementation activities associated with The Writing Process Using the Word Processor: Inservice Leader's Reference Manual initiative. A complete MouseWrite package consisting of the following was provided to superintendents in each Alberta school jurisdiction:

- 3 master disks to be used for duplication
- 1 MouseWrite Tutorial Manual
- 1 MouseWrite Reference Manual
- 1 Introduction to MouseWrite Summary Package
- 1 MouseWrite Duplication Information Sheet
- 1 Addendum MouseWrite Fonts

Please contact the superintendent of your school jurisdiction to obtain MouseWrite. Authorization labels for duplicate copies are available from the Technology Integration Unit, Curriculum Support Branch.

SCIENCE 10

Senior High Science Implementation Planning Package

There will be **significant changes** to the documents in this package which will be made on the basis of information gained through the field validation of Science 10.

While Alberta Education gives permission to reproduce only parts of their material for inservice programs, the Gage Visions 1 draft text and errata sheets cannot be reproduced in part or in whole.

This package should be destroyed after June 1992 when the final version of the Visions 1 student text/teacher guide and more updated drafts of the teacher resource manuals will be available individually from the LRDC.

The final Visions 10 Textbook and accompanying Teachers Guide, as well as the Alberta Education Teacher Resource Manuals will be available from the LRDC by June 1, 1992. The finished hard cover text with colour photographs and illustrations (produced by the Gage Educational Publishing Company) will be eligible for the Secondary Education Implementation Credit Allocation Grant (SEICAG).

ALBERTA EDUCATION TEACHER SUPPORT MATERIAL

OSC10127	Senior High Science Implementation Planning Package (includes Vision 1 Basic Resource for Science 10, Errata Sheets, Revised Student Activities, Senior High Science TRM, Science 10 TRM) The purpose of this package is to enhance implementation of Science 10 in September 1992 by providing early, albeit draft, information for teacher awareness, training and preparation. Science 10

Senior High Science Implementation Planning Package

There will be **significant changes** to the documents in this package which will be made on the basis of information gained through the field validation of Science 10.

While Alberta Education gives permission to reproduce only parts of their material for inservice programs, the Gage Visions 1 draft text and errata sheets cannot be reproduced in part or in whole.

This package should be destroyed after June 1992 when the final version of the Visions 1 student text/teacher guide and more updated drafts of the teacher resource manuals will be available individually from the LRDC.

The final **Visions 10** Textbook and accompanying Teachers Guide, as well as the Alberta Education Teacher Resource Manuals will be available from the LRDC by June 1, 1992. The finished hard cover text with colour photographs and illustrations (produced by the Gage Educational Publishing Company) will be eligible for the Secondary Education Implementation Credit Allocation Grant (SEICAG).

	OSC10127	Senior High Science Implementation Planning Package (includes Vision 1 Basic Resource for Science 10, Errata Sheets, Revised Student Activities, Senior High Science TRM, Science 10 TRM) The purpose of this package is to enhance implementation of Science 10 in September 1992 by providing early, albeit draft, information for teacher awareness, training and preparation. Senior High Science Inservice Modules

Learn by doing! Facilitate an inservice workshop for your colleagues. A collection of 13 inservice modules and workshop planning module are contained in this package. Each inservice module provides the necessary background, activity descriptions, overhead masters and references required to plan and offer a successful half day inservice session. Schools are granted permission to duplicate unless otherwise indicated.

The seven **Group 1** modules, including the planning manual, and the six **Group 2** modules are listed below.

Group 1

THE GROUP 1 MODULES WILL BE AVAILABLE BY EARLY DECEMBER, 1991.

- System-Based Development Model for Workshops - A Planning Manual
- Teaching for Thinking
- STS Teaching Strategies
- Controversial Issues in the Science Classroom
- Focus on Research
- Science 10 activities - A Hands on Sampler
- Performance Assessment in Science 10
- Technology and Media in the Science Classroom

Group 2

THE GROUP 2 MODELS LISTED BELOW WILL BE AVAILABLE BY EARLY JANUARY, 1992 AND WILL BE AUTOMATICALLY FORWARDED TO THOSE WHO HAVE PREVIOUSLY ORDERED AND RECEIVED THE GROUP 1 PACKAGE.

- Cooperative Learning
- Teaching for Conceptual Change
- Teaching with Gender Balance
- Questioning Techniques for Science Teachers
- Environmental Connections in the New Science Programs
- Agricultural Connections in the New Science Programs

RE: LRDC Sales Flyer

Please find attached the LRDC sales flyer listing learning resources which have been dropped from the Alberta Curriculum, but may have possible use as *reference materials only*. The Correspondence & Distance Education materials have been replaced with newer editions and therefore while the listed materials are not current they are useful as reference materials. Please contact the LRDC or refer to the 1991-92 Buyers Guide for current products in the subject areas. All products have been marked down to exceptional low prices.

This sale is in effect until March 16, 1992 only, so please order early. All sale items are available while quantities last on a "first order, first serve" basis. All sales are final.

Please forward this sales flyer to appropriate staff members for purchasing consideration.

Please contact LRDC Customer Service and Sales for additional ordering information at 427-2767 or by fax at 422-9750.
